2020 SOCIAL EMOTIONAL LEARNING & CAREER DEVELOPMENT WEBINARS

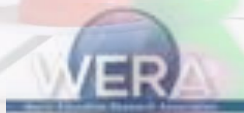

[Kick-off Meeting – March 5th, 7 am \(US East\)](#)

We wish to give the welcome to 2020 with the first webinar of our project that aims to examine educator perspectives on Social Emotional Learning, design and implement a professional development effort that will empower youth to become “future ready.” The study is collaboratively designed and conducted by more than 30 career development researchers from 17 countries.

During our first webinar, you will meet with our researchers around the globe, learn about the results of our Year 1 cross-cultural study, how the participating countries are using the information collected, and what our next steps are.

Save the date! Don't miss the opportunity to talk with us!

This work is being conducted as part of a larger cross-cultural research program referred to as *Connecting Social and Emotional Learning to Professional Development for Educators and Effective Teaching* and is formally recognized by the World Education Research Association as an International Research Network (2019-2022)
