2020 SOCIAL EMOTIONAL LEARNING & CAREER DEVELOPMENT WEBINARS

May 27th, 9 am (US East)

The Social and Emotional Learning International Research Network (SEL IRN) is a group of career development researchers that examine educator perspectives on Social Emotional Learning. Our aim is to design and implement a professional development effort that will help empower youth to become “future ready.” Our cross-cultural study is collaboratively designed and conducted by more than 30 researchers from 17 countries.

During this webinar, research teams from 2 countries, South Africa (Gloria Marsay) and Turkey (Nurten Karacan Özdemir and Feride Bacanlı), will discuss their results from our Year 1 study with a focus on their cultural, societal and political contexts.

Save the date! Don't miss the opportunity to talk with us!

This work is being conducted as part of a larger cross-cultural research program referred to as *Connecting Social and Emotional Learning to Professional Development for Educators and Effective Teaching* and is formally recognized by the World Education Research Association as an International Research Network (2019-2022)
